

I object to the Sinclair Broadcast Group's plans to air a blatantly partisan 'documentary' called 'Stolen Honor.' I am especially disturbed that they use the public airwaves to broadcast trash with the express purpose of swaying an election. This truly threatens our democractic society.

This illustrates the incredible dangers of the media consolidation and monopolistic behavior advocated and promoted by Michael Powell.

Sinclair will lose their license for free use of the public airwaves because of this, right?

Sincerely, Geriann C. Engle
